CALL TO ACTION

1. Build awareness through accomplishments
   - Connect with IWCA GLOBAL

2. Invest in Data to understand Women in Coffee
   - Connect with IWCA RESEACH ALLIANCE

3. In-country partnerships at local level
   - Connect with IWCA CHAPTERS
1. Attract new partnerships: intergovernmental, public-private, impact investors.

2. Improve investment effectiveness at community, country, value chain levels.

3. Achieve meaningful, sustainable progress – economic, social, environmental – across value chain and international communities.
Study after study has confirmed that there is no development strategy more beneficial to society as a whole—women and men alike—than one which involves women as central players. No other policy is as likely to raise economic productivity, lower infant and maternal mortality or improve nutrition and promote health. When women are fully involved, the benefits can be seen immediately: families are healthier; they are better fed; their income, savings and reinvestment go up. And what is true of families is true of communities and, eventually, whole countries.”
