Documents

Documents are available on the ICO website (www.ico.org) and notifications of documents are sent by email before the meetings take place. A set of all documents prepared for the meeting, in Agenda order, will be given to all delegates at the Information desk at the start of the meeting. Delegates do not, therefore, need to bring copies of the pdf files sent to them by email. The same set serves the Board meeting and the Council session. New documents may be circulated during meetings.
Presentations and documents from delegates

*Advance copies:* Delegates are asked to advise the Secretariat at least 24 hours in advance of any documents or statements they wish to be distributed during the meeting. Documents should be submitted by email to info@ico.org. The Organization uses Microsoft Office 2003.

*Formal statements:* Delegates making formal statements are requested to provide an electronic copy of the text to the Secretariat in advance (info@ico.org), to assist interpretation and to enable these to be circulated to delegates.

*Computer presentations:* Delegates wishing to make a presentation using computers should advise the Secretariat in advance and, if possible, send a copy of their presentation before the meeting (to info@ico.org). Presenters can bring their own laptop or use the ICO laptop. The Council Chamber has integrated modern audiovisual facilities but it should be noted that in the case of presentations in the Board Room, visibility is restricted because of the layout of the room and as there is only one screen.

*Interpretation and documents:* Available for Council sessions and Board meetings in English, French, Portuguese and Spanish. Interpretation facilities can normally only be made available for unscheduled group meetings if there are no other parallel meetings for which interpretation is required and if the meeting is held within the interpreters’ working hours (see Annex III). Please note the guidelines for speakers by the International Association of Conference Interpreters (see Annex IV).

*Enquiries:* Mr. George Valls-Jové and members of staff at the Information desk will be available to assist delegates with enquiries. Contact details for other staff members are as follows:

Conduct of meetings

The plenary meetings of the Executive Board and the Council will normally start and finish promptly, as set out in the schedule of meetings approved at the start of the meeting. The Chairman will announce details of the time and venue of the next meeting or the schedule of meetings for the next day, which will also be posted on a notice board on the ground and second floors.

Members are reminded that single teams of interpreters normally work for no more than 3 hours at a time, with a lunch break of 1½ hours. In the case of a single team, the interpreters would not be expected to work beyond 18.30.

Delegations and Chairmen are requested to make every effort to ensure that meetings commence at the agreed time by arriving in good time for meetings.

A bell will be rung at the request of the Chairman to indicate the start of the meeting, and the officers on the rostrum (Chairman, Executive Director and Secretary) are requested to be in place so that the Chairman can open the meeting within a few minutes subject to the quorum requirements under Rules 15 and 51 of the Rules of the Organization. If the Chairman is not present in the meeting room at the start of a meeting, the Vice-Chairman will take the chair and preside over the meeting until its conclusion.

During the meeting, the Chairman will remind participants of the time, and urge them to keep statements short and to the point. The Chairman may propose a limit on the time to be allowed to speakers and on the number of times each representative may speak on any question, the closure of the list of speakers, or the closure of the debate, in accordance with Rule 16 of the Rules of the Organization. The Chairman’s own interventions and summaries will also be as concise as possible.

Delegates are requested to turn off all mobile phones during meetings.

Other group meetings

Meetings of the Private Sector Consultative Board (PSCB) and Statistics Committee should not be changed once the date has been circulated to their representatives to avoid inconvenience.

Coordination and other group meetings should start and finish promptly at the time scheduled for them, to avoid delays to other meetings and inconvenience to other delegates.

When a coordination or group meeting cannot finish on time, the Chairman will advise the Chairman of the Board or the Council as appropriate. If necessary, and if services are available, another time will be allocated for the coordination or group meeting to complete its work, if the Board or Council meetings are deemed to have priority.
GUIDELINES FOR SPEAKERS

The organizers of this conference are providing professional interpretation to enable delegates of different languages and cultures to understand each other. The interpreters are your allies in conveying your message to the audience. You can help them by following these simple guidelines.

1. If you have a written text or notes for your speech, whether or not you intend following them closely, please hand them to the conference secretariat for distribution to the interpreters. Interpreters do not simply rely on words, they interpret the meaning and should therefore familiarize themselves with your subject and terminology. You are free to depart from your text or add to it as you go along. AIIC interpreters are bound by professional secrecy, and the content of your document will remain confidential at all times and will be returned to you on request.

2. If your paper is technical, please give the interpreters any terminology you may have or any background papers on the same subject in other languages. You may also ask the conference secretariat to organize a briefing with the interpreters. Meeting the speakers would be useful in order to clarify specific points which will help improve performance.

3. If you wish to show a film, slides or transparencies, please make sure that the interpreters receive the script or a copy of the transparencies. The booths are often situated far away from the screen and it would be helpful if the interpreters had copies of the projected text in front of them.

4. When reading from a script one tends to speed up which means that the audience will find it difficult to follow and, as a result, parts of your message will be lost. If you have not spoken at meetings with interpretation before, it may be advisable to pace your delivery beforehand. Ideally you should allow 3 minutes per page of 40 lines.

5. Before you speak, please make sure your microphone is switched on. Knocking the microphone of blowing into it as a test will merely be amplified in the interpreters' headphones and cause an unpleasant noise. To test the microphone just say a few words like "Good afternoon" or "Thank you Mr. Chairman".

6. Please do not speak too close to the microphone as this creates interference and avoid leaving your receiver set close to the microphone when you speak to prevent feed-back whistling. The technician will be able to advise you on this.

7. If you need to move away from your seat, i.e. to point at a slide or transparency projection, please use a neck or lapel microphone. Without a microphone the interpreters cannot hear you, however loud you speak.

8. If you are speaking from the rostrum or a lectern and want to reply to questions from the floor, please make sure you have a receiver set with you to follow the questions as they are interpreted.
