Daniele Giovannucci

Committee On Sustainability Assessment

### Where is the tipping point?

2015 est.

## IMPACTS ON

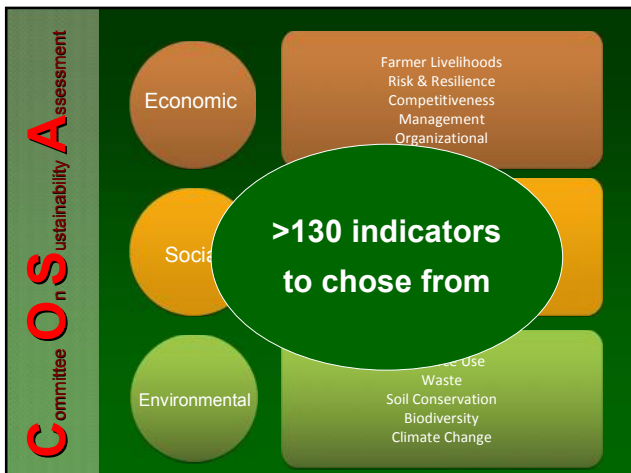

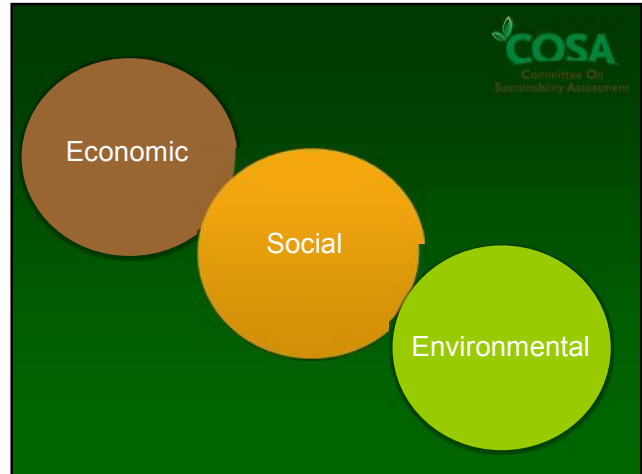

1. Farmers ?
2. Environment ?
3. Communities ?
4. Business ?

C ommittee O n S ustainability A ssessment

### MISSION

Advancing global measurement tools  
to **understand** and **manage**  
sustainability.

**C**ommittee **O**n **S**ustainability **A**ssessment  
 working together with diverse & capable partners:

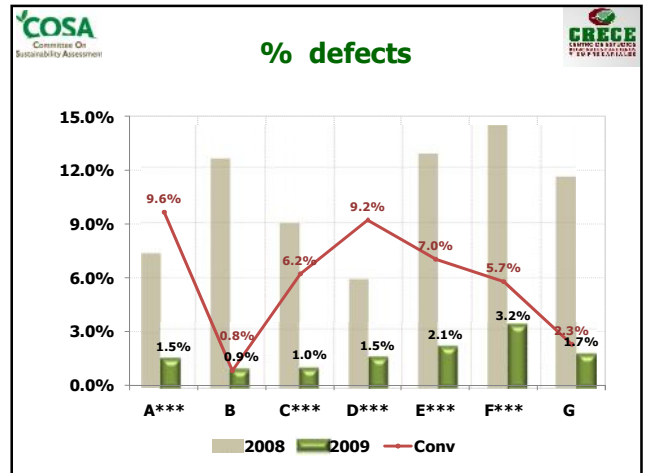

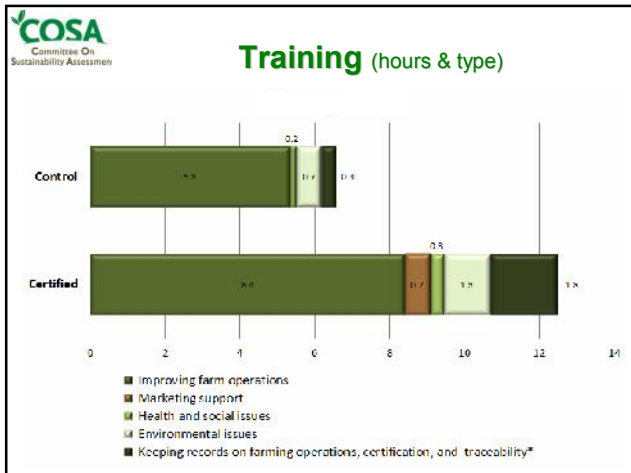

**COSA** is modular  
 Committee On Sustainability Assessment

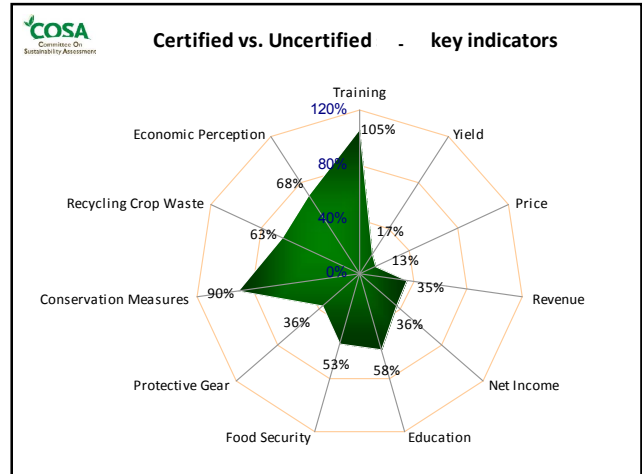

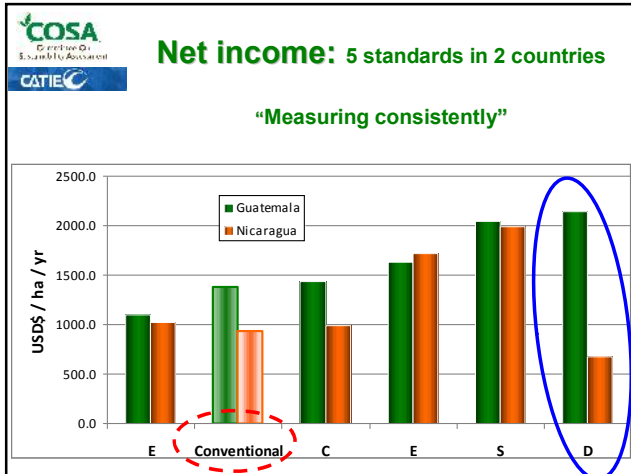

**select your own Set of Metrics =**

- Simple
- Standardized & Comparable
- Facilitate learning

**Pre-publication results will be shared in ICO session but are not for distribution**

**COSA: Unique** info in 4 ways:  
Committee On  
Sustainability Assessment

1. Adaptable to client needs
2. Local Partners participate and co-lead
3. Neutral Science that is credible
4. Globally comparable indicators
