Selected Bibliography – Section 1  
‘Putting the OTA problem in context’

- Mould and mycotoxin contamination in food
- OTA toxicity
- Ochratoxin A producers
- Occurrence of Ochratoxin A
- Effect of water activity on OTA production
- OTA destruction during roasting of coffee
- Levels and distribution of OTA in green coffee (contamination, survey)
- Effect of processing and handling on OTA content of green coffee
- Effect of caffeine on OTA production
- Socioeconomic impact of coffee production
- International Coffee Trade and Commodity Chains

Mould and mycotoxin contamination in food

OTA toxicity

Ochratoxin A producers

**Occurrence of Ochratoxin A**

Effect of water activity on OTA production

OTA destruction during roasting of coffee

Levels and distribution of OTA in green coffee (contamination, survey)

**Effect of processing and handling on OTA content of green coffee**

**Effect of caffeine on OTA production**

**Socioeconomic impact of coffee production**

**International Coffee Trade and Commodity Chains**
