

**Information requested from
Members by 1 June 2016**

1. The Executive Director presents his compliments and informs Members that the Secretariat is currently preparing a study on the determinants of the current coffee price level and its impact on the coffee growers' economic sustainability. Members are requested to provide information on the following topics:
 - **Cost of production:** Exporting Members are requested to send estimates for the costs of production in their countries for each coffee year from 2006/07 to 2015/16, using the template (Excel file) attached to this document.
 - **Per hectare yields:** Exporting Members are requested to send estimates of yields in their respective countries for each coffee year from 2006/07 to 2015/16, using the template (Excel file) attached to this document.
2. It would be appreciated if this information could be received **no later than 1 June 2016** so that the study can be prepared for consideration by the Council at its 117th Session from 19 to 23 September 2016.
3. Please do not hesitate to contact the Head of Operations, Ms Marcela Urueña, if you have any questions.
